

Ultra Smart Fanless PC (JFTCK662N)

1. Fanless JFTCK662N Product description

High End quality

Excellent User Experience

High compatibility

Special smart design

2. Fanless JFTCK662N features

1.Ultra Fanless Small Form Factor

2.2*USB 3.0

3.Network card RJ45 with 1000Mbps

4.Quad core Four threads 2Ghz, Max turo 2.41Ghz

5.Low consumption,environmental protection,adopting 10W Intel Celeron Processor J1900 CPU;

3. Products Parameters

Model name	Fanless mini pc JFTCK662N				
Consumption	10W	Weight	1.5KG	Warranty	3 years
Shell	Silver aluminum alloy shell				
WIFI	Optional Internal	power	12V-3A	Machine size	17.5*18.5*2.5CM
CPU overview					
Chip set	BayTrail-D				
CPU type	Intel Celeron J1900 2G--2.41GHz (Turbo boost)				
Core	Quad core Four threads				
CPU cache	Second level cache:2MB				
CPU consumption	10W				
Graphics	Integrated graphics. Intel HD Graphics 854MHZ				
RAM	Default: 2GB RAM,Max 8GB DDR3L extendable				
Storage	Default: SSD 16GB. (SSD 32GB/64GB/128GB) support HDD,Max 1TB HDD				
Network	Onboard Realtek RTL8111E 1000Mbps				
Sound chip	ALC 662				
WIFI model	BCM43224 300M dual frequency				
Video	Integration Intel HD Graphics 854MHZ graphics card fundamental frequency: 688MHZ graphics card max fundamental frequency: 854Ghz support DX11 support HDMI support full screen HD playback				
Input power	12V/3A				
Output power	100-240V				
I/O ports					

front panel ports	1*MIC 1*SPK 4*USB2.0 ports 1*On/off switch
Backside ports	1*DC 1*HDMI 1*VGA port 1*LAN port(RJ-45) 2*USB 3.0 2*USB2.0 ports 1 COM port
Internal ports	1*mini-PCIE port (MSATA 1.8 inch SSD) 1*mini-PCIE port WIFI support SATA 2.5 inch HDD
Support OS	Can be embedded Windows 7/ Windows 8/ Linux OS
Working Environment	
temperature	-20/+85 degree centigrade
64 bit computing	Support 64 bit computing
virtualization	Support Intel Virtualization technology
hyper-threading	No Hyper-Threading

4.What are the advantages of Fanless JFTCK662N Mini Computer?

- 1.JFTCK662N with aluminium alloy shell,looks high end, light weight makes it convenient to carry,and it looks elegant when standing in the desktop.
2. **The speed of JFTCK662N is 16 times as regular HDMI players.**1080P HDMI player adopts Intel HD Graphics wins super and smooth display .
3. With super graphics performance,mini PC JFTCK662N supports HDMI pictures,games,surfing, chatting,music,video,etc.
4. Fanless JFTCK662N can be used not only in educational area,but also in enterprise,hotel room,meeting room.The hardware performance is strong and software can be updated in real time,it will not be eliminated.

5. Application Area

Office, factory, bank, hospital, School, call center, hotel, educational institution etc...
